

Revelation With Daniel

War on the Horizon?

Of course! Just ask President Trump, right? (I'm sure I know less than 1% of what's really happening.) What I do know is that there's always been war (since before the anticipated creation of the world), and always will be—until after the 1,000 years of Revelation 20. (We'll be preparing, or working out the details for, the final destruction of sin and sinners while in Heaven with our God, His Son, the holy angels, and all the redeemed.)

AND, I got this message from sister Sheri Stump just this morning:

“Good morning Brother Daniel. I just received these texts from Stephen Omondi from the Waldensian Training Center in the Philippines. Please pray with us. 🙏

‘Greetings sister Sheri. Hopefully you are all doing great, pass my greetings to pastor, and do remember us in prayers, this place is not that safe there are fights around btwn rebels and government armies, on sabbath we found ourselves in the fights when we went for visitation in the small centre lipo, it was my first time to be where there are exchange of guns and shoutings very terrifying situations but we that God he protected us.. The rebels visited us yesterday very early in the morning, at around 5am when we were doing devotion and they were spotted taking secret pictures if the house, we don't know there intensions but we trust in God for our keeping.’”

Later this came in:

“We [Pastor Allen and Sheri Stump] spoke with Pastor David Simmons last night. He said that they were visited by the rebels in the early morning. The rebels are communist, not the Muslim variety. If they were Muslim rebels, they would be much more dangerous. However, they did see the men early in the morning taking pictures and Pastor David sent Abel over to check it out. Abel found eight men all with guns. They had a good conversation, very amicable. The one man asked Abel where he was from and he said he was from the island of Cebu. That man said he was

also from the island of Cebu. Then the rebel asked Abel what was their group doing here And Abel replied that they were a Missionary group doing training so the man said what church are you with? Abel said the seventh day Adventists and the rebel said oh I am a seventh day Adventist too! So we had a chuckle over that. Hopefully it will actually help, so at this time everything seems OK.”

Then:

“This is from David Sims wife Marrah; ‘Thank you for your prayers Sheri. We really need them.

This experience has taught me that even our faith, the ability to trust Him completely is a gift from Him. I have to ask the Lord for more faith as I was starting to get nervous. And I thank the Lord He gave me the faith that I needed.

So far the rebels have not come back. We have peace as of the moment and I praise the Lord for His constant protection.

We will definitely keep you updated. We appreciate your love and concern.

Lots of love from us to you and PA!’”

My final reply was:

“Crazy. The day will come here too, right?”

Sister Sheri replied, “Yes.”

So... what’s the take away? Be heart-prepared today, as we don’t know what tomorrow will bring.

The Building in Summerville, GA

After hearing God’s voice, “Buy a building” for months while walking in prayer, I bought one. Years later the Browns reached out and said, “What about having a youth retreat at your property to help finish the project you’ve told us about...?” Months later it’s happened, in part.

Three skilled workers in this area could not properly work while it is raining, so brother Brown watched God lead him to ask if these three men could work on this project during rainy days. Sure enough they didn’t have anything else pressing to do, so they worked here periodically for a month to make huge headways in starting and preparing the addition for the next group to continue working on it. (I was in Kenya near the beginning of that time.)

The framing for a two story addition inside the existing building was prepared by those three. Then in perfect timing, two more specialists came while I was away in the Philippines, Rob and Em. They worked with sheetrock and electrical and did an amazing job!

Since then (just a couple weeks ago) a group from various places came to help with furthering the project to where it is. Now the bathrooms are finished, the kitchen is working, the propane and water are hooked up as well, and I can't help but praise God for what I am witnessing—providence, clearly.

While in the Philippines with Pastor Sims I was able to see the possibility of this location being another training center for various purposes (Bibles study, teaching, preaching, auto repair, building, painting, gardening, exercise, etc—minus the rebels). It would be a great place for preparing missionaries to function in various areas of the world.

Without clear direction of what the 'building' is for, I can't promise that it will be a training center, yet it's a strong possibility and we will continue to watch God's leading in this group undertaking. Please keep this in prayer in north-western Georgia, USA!

Thank you all! From the top left:

Men standing:

Daniel, Roy, Todd, Rhonda, Em.

Women:

Aldina, Raquel, Rhonda, Bev.

Eden, Michael.

“So built we the wall; and all the wall was joined together unto the half thereof: for the people had a mind to work” (Nehemiah 4:6).

Book Distribution in Uganda and Kenya

Some of what is happening this month is that books are being published in Uganda (left). We've helped with bringing them to print these beautiful silent witnesses. Also, in Kenya...

The Baptist professor, Tom, has been working with the Baptist theological group for education for his country. They have asked him to prepare a booklet for teaching their pastors in the universities. He has done so, and used the RevelationWithDaniel study notes! Please pray for the 600 copies which will go to the various pastors around the country which will be learning and teaching from them. Praise God for His providences.

My Heart Health

Still seriously considering... I've had tests with more to come, and I'm doing everything I can to co-work with God to prepare myself for more ministry as He sees fit, so keep praying and do your part to take care of yourself as well!

I'm not concerned for myself, so you don't have to be either, but thank you. => I believe God isn't done with me yet, and I am implementing as many nature remedies as possible to bring my heart to better health!
